Developing the work plan	
Please share any additional feedback.	<ul style="list-style-type: none"> . Le Burkina Faso dispose déjà un plan de renforcement de la disponibilité et de l'utilisation. Nous avons utiliser la même méthodologie pour l'élaboration de notre plan . Integer un plan de suivi évaluation . I understood the material presented but I lack the practical experience needed to implement a work plan . Je n'ai pas suivi la totalité de cette partie puisque j'avais des coupures de connexion . RAS . Very generic, not detailed enough . Yes , but we need to have a practical training , and commence and start our own country taskforce and plan ASAP.
Multistakeholder landscape

Bonsoir Je suis très satisfait et vous remercie pour votre investissement dans l'apprentissage des professionnels de la santé a travers le monde. . L'atelier m'a permis de connaître les partenaires intervenant dans l'oxygène . Il faut être plus opérationnel . The presenters did a good job identifying key stakeholders and their roles. . Agradecido por las ponencias . RAS . It was very generic and lacking of details and clear steps on how to achieve it . The content of the session was completely clear , and sadly it reflect how much we need to do in improving, establishing similar plan setting in our healthcare system in Yemen, Aden south part. As a biomedical Engineer working with ADRA International , Supervising 48 health facilities , which direly lack anything related to oxygen therapy, and needs a lot of support. I am keenly passionate to joint the mission of establishing scale-up plan in my country, i Wish the WHO office here in Aden can lead and allow us to save the daily lives in our community. BRs
